VOLUME 24

TOLEDO, LINCOLN COUNTY, OREGON, FRIDAY, JULY 14th, 1916.

NUMBER 21

## NEWPORT

The Rebekah Annual Assembly met at the Odd Fellows Hall, Thursday, Nellie Watterberg presiding. The business session was interesting and quite well attended; a delegation of 8 or 10 came from the Toledo Lodge but none from the Elk Lodge. The president said the Lodge to be in good condition and a general increase in membership. A good many Odd Fellows were present. The membership in Oregon of Rebekahs is about 17,000, the membership of Rhododendron Rebekah Lodge is 150 and there is a gradual increase right along. Love is the central in the chain of Odd Fellowship. You have shown "that peace hath her victories no less renowned than war; and the practice of friendship, love and truth is the best safeguard against the ills of life". The president said that with the present increase of members, by the Centennial Celebration three years from now the Order would number over 3,000,000 persons—the greatest fraternal organization in the world, spending thousands of dollars annually for the relief of the sick, the education of orphans and the burying of the dead. It is truly said that no Odd Fellow in good standing ever "goes over the hill to the poor house". At the evening session the following officers of Rhododendron Lodge No. 107, were installed for the ensuing term: N. G. Anna Matthews, V. G. Mattie Carter, Secretary, Helena Perrin; financial secy., Jennie Reeves; Chaplain, Sarah Turnbull; treasurer, Mary Bennett; warden, Millie James; conductor, Chrystal Coffield; I. G. Hellen Anderson; O. G. Mary Fry; R. S. N. G. Minnie Fairfield; L. S. N. G. Hattie Priest; R. S. N. G. Maud Linton; L. S. N. G. Leta Herron. Special praise was due the installing officers for the splendid manner in which they performed their duties. The president commended especially the conductor, Mrs. Saunders, and Mrs. Linton, captain of the team, for the splendid manner in which they performed their work. After the installation ceremony was over the delegation of Rhododendron Lodge put on the floor work which was done in a most perfect manner. The team was composed of twenty members and the captain, Mrs. Linton, had taken great pains in directing them. After sitting down to a nice luncheon and hearing a few speeches from the members present and a short address from the president, the assembly adjourned.

Sunday evening, Mr. Lamar Tooez, of Ford's Peace Expedition, addressed a large audience at the Presbyterian church upon this subject. The folding doors were set back and the church was filled to capacity. Much fun and ridicule have been made of this expedition and it is generally believed by nearly every one that it had no influence what ever on the warring nations of Europe, but Mr. Tooez thinks it did. Mr. Ford is a peace man and no doubt he was in earnest. He had in his party, 186 persons and it was very expensive but it advertised his business and that no doubt, will pay him for all the outlay of money. He does an enormous business in the manufacture of the Ford automobile. He employs 21,000 men, among them 6000 ex-convicts and he treats his men well and is therefore popular with them. Mr. Tooez did not get off on the first boat and by being late he had much trouble in getting the necessary papers and he could not go without them, but after a time he made the connections at New York and sailed on the boat, Frederick VIII, reaching Christiana two days before the other party. He was determined to go and there fore went. He was selected to represent the University of Oregon and he did it. He was gone ten weeks, visiting some of the most important countries of Europe, among them, Norway, Sweden, Denmark, Germany, Holland and England and came back well prepared to tell some interesting things.
